

1. Architecture Diagram

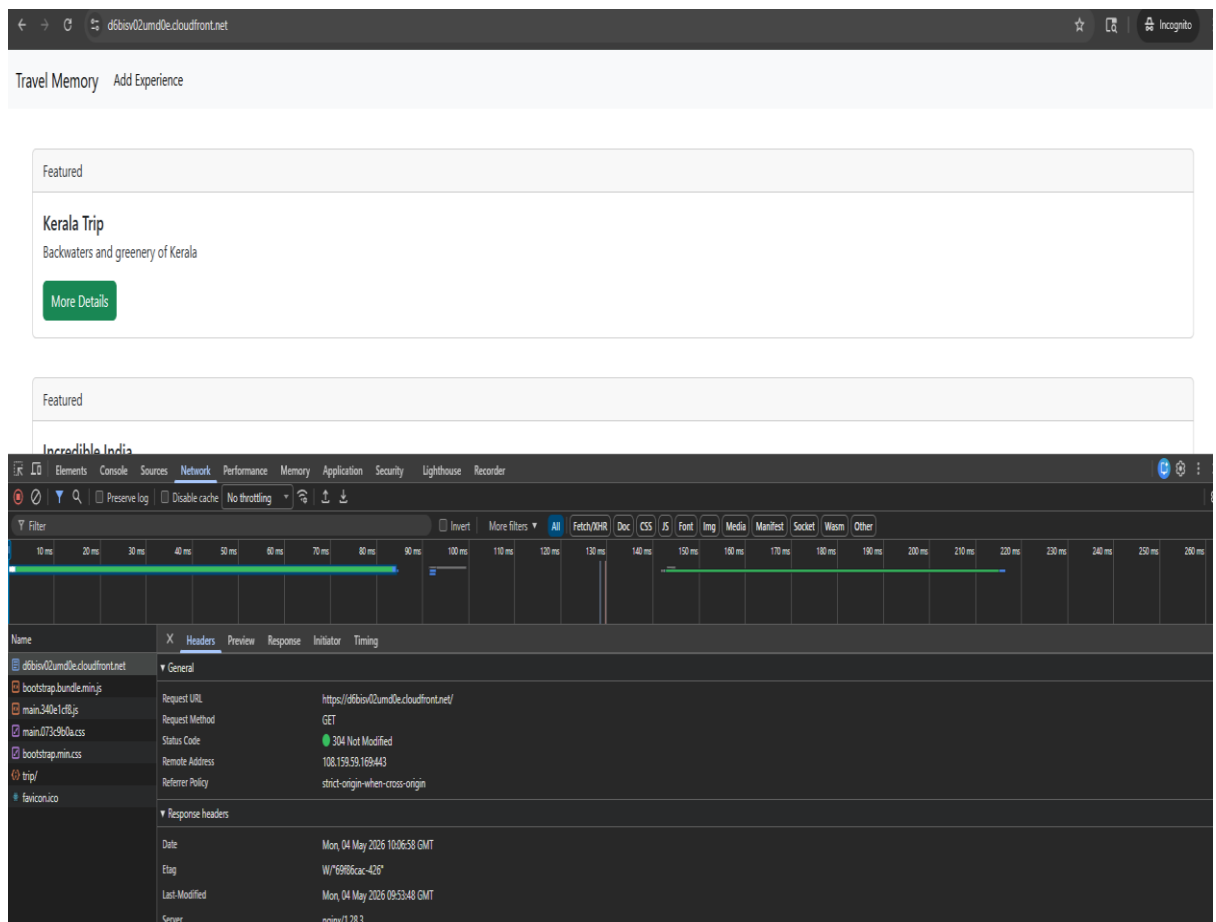

2. Screenshots:

The following screenshots are included:

- **Application homepage**

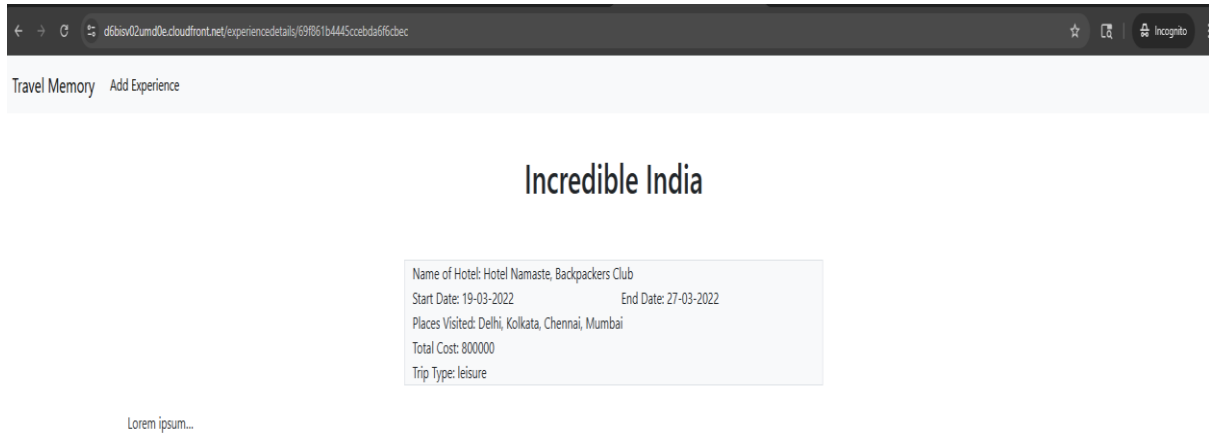

- **Add Experience page**

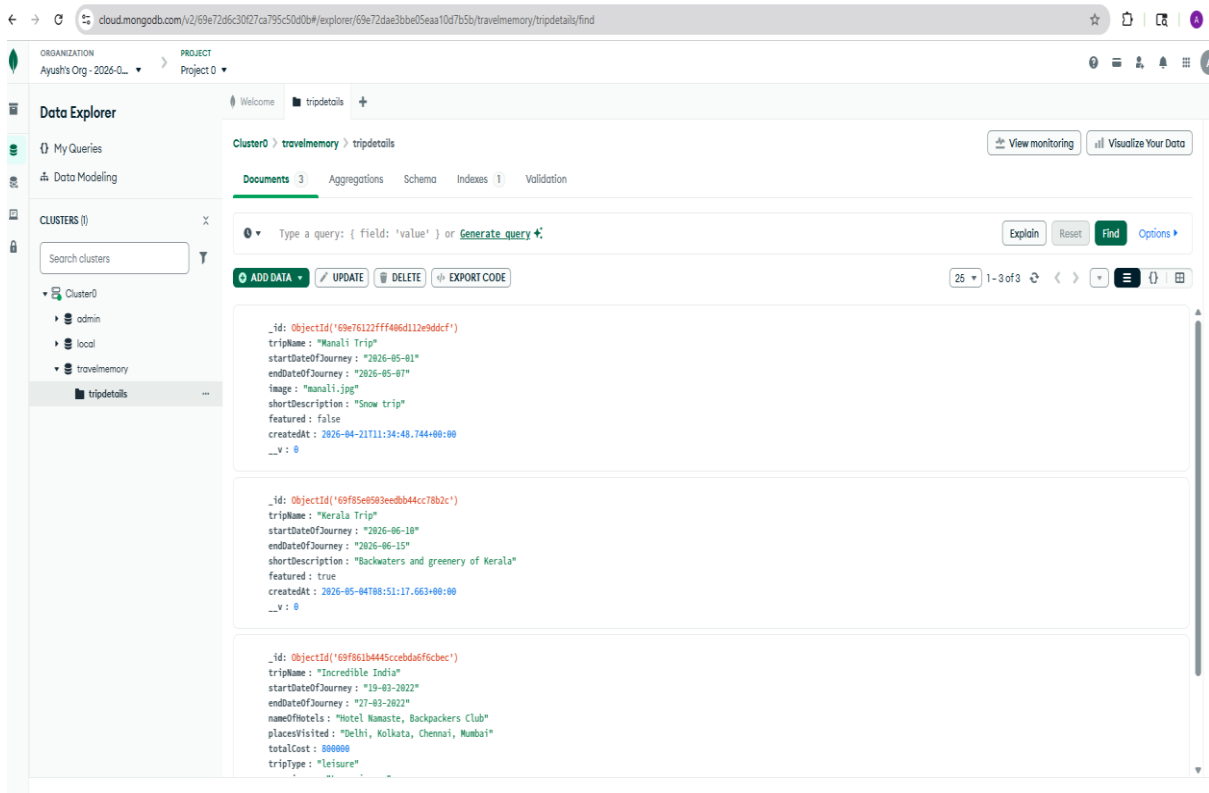

The image shows the "Add Experience" form on the "Travel Memory" page. The form has the following fields and controls:

- Trip Name:** A text input field with the placeholder "Add your Trip Name".
- Trip Date:** Two date pickers, both showing "dd-mm-yyyy".
- Name of Hotels:** A text input field with the placeholder "Add your Hotel Name".
- Trip Type:** A dropdown menu with "Select One" and a downward arrow.
- Total Cost:** A text input field with the value "0".
- Places Visited:** A text input field with the placeholder "Delhi, Paris, London, etc.".
- Featured Trip?:** Two radio buttons, "True" and "False". The "False" button is selected.
- Image Link:** A text input field with the placeholder `http://xyz.com/image.png`.
- Short Description:** A text input field with the placeholder "Write Short Description".
- Experience:** A text input field with the placeholder "Write Complete Details about your experience in the trip."

- **API response**

- **MongoDB Atlas data**
